"I am (name) from Innovations for Poverty Action, an NGO in Freetown. We are holding interviews to determine the effectiveness of government programs in this area, as part of a research project. Do you have time to talk with me for about 30 minutes? All answers will be kept private. We would appreciate hearing your opinions, but participation in this survey is voluntary and there is no need to answer any question. I will ask you detailed questions about your role in development projects in your community. Please note that this questionnaire will have no effect on the amount of assistance given to your community, nor to your family. If you wish to stop the survey at any time, you may do so. This is a minimal risk study. We cannot promise that you will receive any benefits from participating in this study. If you have any questions, or if problems arise, please contact IPA at 076495357. May we have your permission to ask these questions, and would you be willing to participate?"
